Local Food Pantries Reap the Benefit of Community Gardens' Bountiful Harvest

The three gardens located at the north end of Springfield Park have been a great success for the Community Gardens' first season. Marilyn Johnson, committee chairperson for the Bloomingdale Garden Club's Plot to Plate Garden, says thanks to all who helped with planting, maintaining and harvesting the Bloomingdale Garden Club's Plot to Plate Garden. This first year certainly presented its challenges, with June receiving heavy amounts of rain.

Nevertheless, the Bloomingdale Garden Club members logged in 154 hours of volunteer work and harvested 49.1 pounds of fresh produce, all donated to the Bloomingdale Township Food Pantry. The committee is already in the

planning stages for 2016.

The Roselle Garden Club and DuPage Master Gardeners also cultivated gardens in Springfield Park, donating their crops to local food pantries.

Next year there will be opportunities to mem-

bers of the community to rent a garden plot for individual use. More information on that process will appear in the Park District's winter/spring brochure that comes out in December 2015.

In September Westfield Middle School students partnered with the Park District and the Bloomingdale-Roselle Rotary Club to complete a service project for Green Apple Day of Service. The young people were invited to participate through their science classes since it was environmental effort. They started by cleaning the creek that runs through Circle Park because of its direct impact with wildlife. With the school being adjacent to the park, the students can actually see how they are making a difference in Bloomingdale.

Consider signing up for the Village's E-News, which would be delivered weekly to your email address.

This is a good way to keep up with timely information on news, services and events in and around town. And in the case of an unusual event, such as the snow, ice and frigid temperatures caused by our polar vortex experience in early January, the Village is able to get out critical information to all subscribers as it becomes available.

A Message from Mayor Franco

Septemberfest 2015 was great – a little cooler perhaps, but sunny all day. A big thank you to the people who made it happen: Chairman Bill Wolff, and the Septemberfest Commission members - Pam Hager, Jeremy Heitkam, Mitch and Vivi Frumkin, Susan Lancaster, Carole Lockhart, Debbie Pasiewicz, and Jean Sloboda. Working alongside them were liaisons Stan Poplonski, Jo Peterson, Ken Lindhorn and Bruce Mason. In addition, Village staff from both Village Services and Police departments provided support. My thanks to everyone involved. Septemberfest is a great Bloomingdale end of the summer tradition.

Here we are already in the last quarter of the year. I have been happy to report the progress we have seen thus far and even happier to share more.

If you haven't heard, it is true that Mariano's will be opening a location in Bloomingdale in early 2017. The new store will replace the long-vacant Dominick's in the Stratford Crossing Shopping Center at Gary and Schick avenues. The filling of this location has been one of the top priorities for our Village Board. Mariano's is an upscale grocery chain owned by Milwaukee-based Roundy's. We are fortunate to add not just a dynamic new grocer, but a store that provides a culinary experience for foodies like me. The result was a team effort with the shopping center owners who continued to maintain the center during the vacancy, which had an effect on Mariano's decision to come to Bloomingdale.

Pier 1 is moving to 360 W. Army Trail Road, in between Ulta Cosmetics and Best Buy. The nearly completed store is 10,000 square feet and will replace the existing Pier 1, which is currently at 398 W. Army Trail Road. The new location is expected to open in November.

September saw two new restaurants opening. Mod Pizza opened at 364 W. Army Trail Road featuring individual artisan-style pizzas in a family-friendly dining atmosphere with fast service. Chick-fil-A, the American fast food restaurant chain, specializing in chicken sandwiches, opened its doors at Springfield and Army Trail Road. I am pleased to note that both restaurants paired their openings with a charitable event to benefit Bloomingdale schools.

October 26, 2015 marks Make a Difference Day, As you look through this Almanac, you will find several examples of how Bloomingdale residents and businesses make a difference all year long. Just one more reason I am proud to be Bloomingdale's mayor.

Here's to crisp mornings, pumpkins, hot apple cider, Indian summer and a very Happy Thanksgiving for all.

The Village Board has again allocated funds for this very successful program initiated in 1982. The program provides trees, including planting, at a 50/50 cost sharing with the Village. The trees will be planted in Spring 2016 and are available for residential, business or commercial properties. The intent of the program is to further beautify the streetscape. All 50/50 trees must remain visible from the street, and must be planted in the front yard adjacent to the street or, if a corner property lot, may be planted in either the front or side yard adjacent to the street. Business and commercial properties wishing to participate should contact Jim Johnson, Urban Forester, at 630-671-5804 prior to submitting a Program Request Form. **Residents seeking parkway tree replacements should contact the Forestry Division at 630-671-5800. All parkway trees (whether ash tree replacements, infills, etc.) will be planted by the Village, if space allows, at no cost to the homeowner.**

The following are the guidelines of the program:

- The program is offered on a first-come, first-served basis subject to available annual funding amounts. Participants must complete and submit the Program Request Form by December 1, 2015. No payment is required at this time. Bills will be sent to successful Program Requests about February 1, 2016.
- Trees will be 2½" caliper, unless stated otherwise. **Trees will be quality nursery stock but not specimen plants.**
- The Village reserves the right to disapprove requests based on conflicts, safety, or proper spacing.
- Removal of dead trees, stumps and/or large roots is not included and must be performed by the applicant before March 15th.
- Each residential parcel will be limited to **one tree per year**. Each business or commercial property will be limited to two trees per year.
- Participants will be given the opportunity to mark the desired location for the tree; however, the Village Forester retains the right to change the location, if necessary.
- We anticipate the total cost of each 2½" caliper tree planted will range between \$200 and \$300, with the Village paying half of this amount.
- Trees will be guaranteed for one year. Participants are responsible for all watering which will be described in instructions furnished by the Village.
- If further information is desired, contact Jim Johnson, Urban Forester, at 630-671-5804.

PLANTING ADDRESS: _____ EMAIL ADDRESS: _____

INDICATE QUANTITY DESIRED. (limit of **one** tree per residential parcel; two trees per business/school/commercial parcel)

_____ **Multi-Stem Royal Frost Birch** (*Betula platyphylla* Royal Frost)

Royal Frost is an upright pyramidal birch featuring burgundy-red to purple foliage, showy yellow-orange to red fall color and attractive white bark. It typically matures over time to 30 to 40 feet tall and to 15 to 20 feet wide. It is the result of a cross between *Betula populifolia* 'Whitespire' (white bark) and *Betula* Crimson Frost (purple foliage).

Bur Oak

_____ **Sienna Glen® Maple** (*Acer freemanii* Sienna Glen)

This maple is a cross between a Silver Maple and a Red Maple. The tree was discovered in 1990 on an abandoned farm site in Lake Elmo, MN. It has a broad pyramidal form with a very uniform branching habit. The leaves are arrowhead in shape and small for a maple variety. This leaf type, along with fine uniform branching, gives the tree a more delicate appearance than other maple tree varieties. Summer foliage color is medium dark green, which is consistent throughout the growing season. Fall color is generally a mosaic of orange, red and burgundy colors. At maturity, it reaches a height of 50 to 60 feet and a spread of 35 to 40 feet.

Redbud

_____ **Bur Oak** (*Quercus macrocarpa*)

The stately Bur Oak, native to the Midwest, is a great choice. Its massive trunk has gray to brown furrowed bark and its branches bear fringed cap acorns and lustrous dark green leaves that turn yellow-brown in fall. With a mature height of 70 to 80 feet and mature width of 70 to 80 feet, it is an impressive shade tree and needs a spacious site.

Sienna Glen® Maple

_____ **Swamp White Oak** (*Quercus bicolor*)

The Latin name bicolor refers to the distinctive two-colored appearance of the leaves: green on the upper surface, and whitish on the undersurface. Also, unlike other oaks, the dark brown bark peels away in ragged curls exposing the lighter colored bark beneath. This oak grows to about 50 feet in most urban conditions. Fall color is yellow, with an occasional red-purple.

Swamp White Oak

_____ **Single Stem Redbud** (*Cercis canadensis*)

A stunning display in April and May, the branches and twigs of a Redbud tree are cloaked in purplish-pink, pea-like blossoms before its leaves open. Its mature size and form is 15 to 20 feet high and 20 to 25 feet wide.

_____ **Black Hills Spruce** (*Picea glauca* var. *densata*)

Excellent ornamental evergreen, dense, conical in shape, with bright green to bluish needles. Adapted to cold and very resistant to winter injury, it matures to a height of 30 to 60 feet and a spread of 15 to 25 feet.

Don't Leave the Leaves (in the street)!

As autumn leaves begin to pile up in the yard, the Village Building and Zoning Division reminds all property owners that raking or blowing leaves into the street or curb is a violation of section 5-2-4 A.2 of the Village's Municipal Code. When leaves are raked or deposited into the street, they often cover storm water inlets. This prevents water from flowing into the storm sewer system which often causes localized flooding during the fall rains. The deposits which eventually decay are also unsightly.

The Village provides street sweeping services through a private contractor periodically throughout the year. Several sweeps are scheduled to take place in the fall. Street sweeping maintains the Village's attractive appearance, while reducing the potential for flooding during rain events caused by debris at curb lines and in front of storm water inlets.

Residents are encouraged to compost their leaves or to participate in Republic's yard waste collection program. Leaves and yard waste placed in yard waste bags or cans (with handles) affixed with a sticker (\$2.95 each) will be picked up by Republic on regular trash days through November 30th. Yard waste stickers are sold at the Village Hall, and local retailers such as Caputos, Jewel and Ace Hardware. Tagged yard waste bags may be placed at the curb after 6 p.m. on the night before your collection day.

Help Prevent Street Flooding

The fall season often means heavy rains. We are asking residents to check and clean their storm grates along the curbs by their homes if heavy rains are forecasted. Keeping the drains open will help avoid the flooding of streets and walkways.

Our crews do circulate during a rain event to check for standing water and clear the grates to allow the standing water to drain, but your assistance could prevent potential flooding. Do not clean structures which are already under water. For standing water please call 630-671-5830 during regular hours (7:30 a.m. – 4:00 p.m. weekdays) and 630-529-9868 after hours and on weekends to get crews to the site.

Township Highway Department's Last Three Electronic Recycling Dates for 2015

Rosedale Ave., will be open from 8:00 a.m. to noon on the first Saturdays of the next three months - October 3, November 7 and December 5. The monthly electronic collections return the first Saturday of every month, resuming in April 2016 and running through December, except for holiday weekends.

Branch Collection Begins October 19

Kramer Tree Specialists, Inc. will once again perform branch collection under the direction of the Village Forestry Division. Branch collection will begin on Monday, October 19. The program is only available to single family detached residences. Townhome residents should contact their association regarding branch collection.

Branch Collection Guidelines:

- Branches must be out by 7:00 a.m. on Monday, October 19.
- Branches should not be placed at the curb/pavement edge any earlier than one week prior to the scheduled collection date.
- Woody branches ½ inch to 6 inches in diameter are the only items that will be picked up. (Note: any spikes, hooks or other metal objects must be removed).
- Long lengths are favored provided branches do not block sidewalks and pedestrian access.
- All branches should be placed at the curb or pavement edge and stacked in an orderly fashion with the cut or larger end towards the pavement.
- Thorny tree branches should not be concealed inside piles. These require special care as to not cause injuries to the workers.

The following items are unacceptable:

- Branches left out in a tangled mess.
- Woody branches under ½ inch in diameter.
- Leaves, vines, small (under ½ inch in diameter) flexible willow stems, herbaceous plants and weeds.
- Large stumps, roots and root balls.*
- Wooden fencing and construction lumber.*

The above items are considered yard waste and may be placed in bags or cans with tags for Republic Services (our refuse hauler) pick-up. Yard waste pick-ups commence April 1st and continue through November 30th. Questions concerning yard waste pick-ups should be directed to Republic Services at 847-981-0091.

*Large stumps, roots and root balls are considered trash and do not require a yard waste tag, provided each item is of manageable size and under 50 pounds. Wooden fencing and construction lumber are also considered trash, but require a special pick-up. Contact Republic Services for more information.

In the event of severe storms, the Village will provide storm damage collection of woody branches ½ inch to 6 inches in diameter. Please contact the Forestry Division at 630-671-5800 within 72 hours of storm for branch collection.

Your cooperation is greatly appreciated and will ensure a successful program.

Community Gardens' Harvest

(continued from page 1)

Donating the excess produce from these garden plots will also be encouraged. A donation station will be erected at the Community Garden site and plans for a water source is also in the works.

Thanks to Bloomingdale Park District, Ball Seed, Len's Ace Hardware and Mayor Franco Coladipietro for their support in this worthy endeavor.

Safety Tip - Wipers On, Headlights On

Illinois law states that motorists must use their vehicle headlights from sunset to sunrise. Also, headlights must be used when there is rain, snow, fog, or poor weather conditions requiring the use of windshield wipers. Headlights are legally required when objects 1,000 feet away from your vehicle are not visible. Your bright headlights must be dimmed 300 feet before you plan to pass another vehicle.

Motorcycles must be equipped with one headlight that shows objects 500 feet ahead. However, the motorcycle's headlight must remain on whenever the vehicle is in operation.

10 Year Old's Lemonade Stand Raises Awareness for Prostate Cancer

Gabrielle Burgess, 10, of Bloomingdale, put up a "SEA of Blue Lemonade Stand" in August to raise awareness for prostate cancer and the SEA Blue Prostate Cancer Walk/Run which took place on September 13 in Chicago.

Gabrielle, an ambitious and caring young lady, has been a participant in the SEA Blue event for four years. She said she held the lemonade stand in her neighborhood, because she has met many families whose lives have been turned upside down due to prostate cancer. Gabrielle donated all proceeds from her stand to the SEA Blue walk, and said she is determined to make a "splash" to raise awareness. "I dressed all in blue, because blue is to prostate cancer as pink is to breast cancer," said Gabrielle.

More than 220,000 men are diagnosed each year with prostate cancer. September was Prostate Cancer Awareness Month. For more information on the SEA Blue Prostate Cancer Walk, please visit: www.seablueprostate-walk.org

Mod Pizza Now Open

Seattle-based Mod Pizza opened at 364 West Army Trail Road (in the former Fox and Hounds space) on September 4. The company was founded in 2008 by Scott and Ally Svenson, inspired by the couple's love of Italian street-style pizza, their desire for authentic, affordable and fast dining options for their busy family.

MOD's individual artisan-style pizzas are made on demand, using fresh-pressed dough and signature sauces. Customers create their own pizzas and salads, using any combination of over 30 featured toppings, or they can choose from a menu of MOD classics. The price always remains the same regardless of the number of toppings. Pizzas are hand-cooked in an 800 degree oven in less than 3 minutes and salads are individually hand-tossed for each customer. The menu is rounded out with handspun milkshakes, house-made lemonades and iced teas, and local craft beers and wine.

If you can't dine in, you can always take out. MOD has an easy online ordering system via the website and pick up is a snap. Call 630-523-5296, or go to www.modpizza.com

The 42nd annual Septemberfest was a cool, dry day that was perfect for sitting in the park, enjoying some entertainment, visiting vendors or strolling through the car show.

The parade, coordinated by Susan Lancaster, featured the Bloomingdale Veterans of Foreign Wars Post 7539 color guard, floats, Medinah Shriners, classic cars, many walkers and 40 total units. During opening ceremonies, Mayor Coladipietro welcomed the crowd, introduced dignitaries and discussed the changing face of Bloomingdale, especially the Old Town area. The VFW raised the flag while Allison Ford did a wonderful performance of the National Anthem.

The four 2015 Joe Draghi Septemberfest scholarship winners were announced. Congratulations to Stephanie Gulik, Jerry James, Katelyn Keith, and Emily Stanfield. On hand to offer congratulations were representatives from Jersey Mike's, Bloomingdale Bank & Trust, and the Lions Club all of whom donated to the scholarships. Thanks to Carole Lockhart for coordinating the scholarships.

A total of 78 vendors, 11 of them offering food or beverages, packed the streets of Third and Franklin, orchestrated by Vivi Frumkin. Our Chicago Auto Show Historian Mitch Frumkin attracted over 82 vehicles in another large Septemberfest car show.

Entertainment organizer Debbie Pasiewicz gathered local talent, from the Park District Gymnastics teams, Center Stage, Dance Explosion, Bloomingdale PD's K-9 Kane Show, and singers from the Bloomingdale School of Music. The bands included Frank and Dave and the closing band, Hi Infidelity.

Smoke Alarms: Put Them in Bedrooms Too, So You Will 'Hear the Beep When You Sleep'

Location matters when it comes to your smoke alarm. That's the message behind this year's Fire Prevention Week campaign, "Hear the Beep Where You Sleep. Every Bedroom Needs a Working Smoke Alarm!"

Along with firefighters and safety advocates nationwide, The Bloomingtondale Fire Protection District is joining forces with the National Fire Protection Association (NFPA) during Fire Prevention Week, October 4-10, to remind local residents about the importance of having working smoke alarms in every bedroom, outside each sleeping area, and on every level of the home, including the basement.

In a fire, seconds count. Half of home fire deaths result from fires reported at night between 11 p.m. and 7 a.m. when most people are asleep. Home smoke alarms can alert people to a fire before it spreads, giving everyone enough time to get out.

According to the latest NFPA research, working smoke alarms cut the chance of dying in a fire in half. Meanwhile, three out of five fire deaths resulted from fires in homes with no smoke alarms or no working smoke alarms.

This year's Fire Prevention Week campaign includes the following smoke alarm messages:

- Install smoke alarms in every bedroom, outside each separate sleeping area and on every level of the home, including the basement.
- Interconnect all smoke alarms throughout the home. This way, when one sounds, they all do.
- Test alarms at least monthly by pushing the test button.
- Replace all smoke alarms when they are 10 years old or sooner if they don't respond properly.

For more information about smoke detectors or other fire safety information, contact Battalion Chief Richard Kurka of the Bloomingtondale Fire Protection District at 630-894-9080.
