

WELCOME

As an employee, you can benefit from the credit union advantage.

The credit union has your best interest in mind.

We offer our members lower rates on loans and high yields on savings that are among the best available anywhere. We can offer this because we are a not-for-profit financial cooperative. That means our profits go back to our members, not to shareholders. And once you're a member, you're a member for life, even if you move or change jobs.

We look at money differently.

Because we look at the person behind the transaction, we will find financial options that fit you best. We have both free checking and a checking account that can actually save you hundreds of dollars. We also offer interest-rebate credit cards, specialty savings accounts, home equity products, retirement accounts and more. Access is 24/7 providing financial resources and options when you need them most.

Joining is easy. Just contact the Member Service Center at **1-800-359-1939**, Monday through Friday, 7 am to 7 pm, CST or visit www.cafcu.org.
