## Join the movement and take control of your financial future.

All across the nation people are uniting and becoming part of the Credit Union Movement. They want to be more than a number to a bank. They want higher rates on savings, lower rates on loans, and honest, insightful advice from people like them — people who care.

*You can break free.*

If you want to do more with your money, we want to hear your story.

Tell us your financial goals. We'll help you get there faster.

## We're more than a bank.

Our story starts in 1956 with a group of Wheaton educators who pooled their money together to provide low-cost loans. Today, their guiding philosophy is as important as ever: *people helping people.*

Unlike the big banks, we don't have shareholders. Our shareholders are our members and we reinvest in you!

### Lower loan rates

Whether you're looking for a home, vehicle, personal loan, or credit card; our rates are highly competitive and better than most.

### Fewer fees

While the big banks rake in record profits from fees, we're busy reducing or even eliminating fees.

### Personalized experience

Our non-commissioned experts will be there every step of the way, from buying a home to making the most of your savings and investments.

## Inspiring a better financial future with products that work for you.

By reinvesting in technology and developing agile products, we are able to offer our members better ways to bank. Such as:

- Money-earning checking accounts
- High-Yield Savings and money market accounts
- Low down payment mortgage options
- Fee-free personal loans
- Low-rate home equity loans
- Credit cards for earning cash back, rewards, or transferring balances
- Low-rate auto loans for new and used vehicles including boats, motorcycles and RVs
- A secure and seamless online and mobile banking experience

## The benefits of membership.

We're a different kind of bank: owned by you and working for you.

### Exclusive offers and discounts

Members receive special offers on products like loans, credit cards, and checking and savings accounts, as well as discounts from preferred partners.

### Free seminars

From buying your first home to planning your retirement, our experts are here to help you with life's biggest decisions.

### Free investment advice

Let a financial professional help map your financial future.

### Access your money anywhere

Bank at more than 5,600 shared branches and access over 30,000 fee-free ATMs nationwide.
